A PROFESSIONAL DEVELOPMENT PROGRAM BY CENTRE STAGE STUDIO INC.

## The UUC Vision:

- To develop a professional teaching facility that produces dancers of the highest calibre
- To create the strongest, balanced, most knowledgeable, well-rounded dancers possible
- To encompass students from outside the local area
- To be recognized nation wide as an elite professional training program
- To produce dancers that are capable of executing anything a choreographer demands of them by building a strong foundation allowing them to meet the requests of today's choreography
- To produce better educated *dancers* who can become better educated future *teachers*
- To educate the mind, challenge the body, and inspire each dancer to excel to their full potential
- To eventually form a professional company from this professional training program
- To become a Canadian representative of the Paula Morgan Technique
- *The context of the program is dance – the development is for life!*

## The UUC Goals:

- To develop longevity of the body which will enable dancers to have long and healthy careers
- To maintain a *progressive* instructional program that develops the students to their fullest potential
- To ensure that the students are instilled with the focus, motivation, self-discipline, and work ethic they will need to succeed in the professional world
- To make the transition from amateur to professional more successful and easier by developing a solid foundation and a strong mindset
- To give students more opportunities to experience and explore the world of dance, and to help them make connections with professionals in the industry
- To educate the students about their body and how to use it properly
- To provide our future dancers with the most effective, efficient, and solid *education* possible
- To develop a versatile, well rounded individual with an appreciation for the world of dance
